

PRODUCE RESCUE NEWS!

- We could not be more excited to announce that the partnership with the Philadelphia Wholesale Produce Market rescue shift has experienced it's first of many milestones.....

Over 1 / 2 MILLION Pounds Rescued!

The Stats

- **29** shifts conducted
- **15+** vendors participating
- **450+** volunteers engaged
- Over **1 / 2 Million Pounds** rescued since the May 2017 shift

The Facts

This could not be done without everyone's determination and passion to make a difference in the lives of those in need in Philadelphia at the PWPM. From all the vendors, pallet operators and operational staff-you have welcomed all of Philabundance and our volunteers into the market and are making an extraordinary difference. By rescuing produce that would have otherwise gone to waste:

- We calculate that for every 1 pound of produce rescued, it helps to enhance 1 meal
- This shift has helped to enhance over **1 / 2 MILLION MEALS** to families and our neighbors in need

THANK YOU!!
